Coaching to Increase Engagement

Based on the Data Toolkit in [*The Impact Cycle*](#) and chapters 5-9 in [*High-Impact Instruction*](#) (both by Jim Knight), participants in this workshop learn how to gather engagement data for (a) defining and assessing engagement, (b) getting a clear picture of reality, (c) setting goals, and (d) monitoring progress toward goals. Participants also learn about five teaching strategies that are proven to increase engagement and learning.

Session 4, March 7, 2019:
