Program

Alberta Education is committed to providing teachers with the tools and resources they need to develop learning opportunities for their students. NewLearnAlberta.ca will enable teachers to interact with the curriculum in ways that were not previously possible. As part of the development and delivery of the new digital provincial curriculum, Alberta Education and the Alberta Regional Professional Development Consortium are providing training opportunities for teachers on the use of new LearnAlberta.ca, formerly known as the curriculum development management application (CDMA). This session will help teachers become familiar with the look, feel, and use of newLearnAlberta.ca as a tool for working with our curriculum. In addition, participants will learn more about how the My Boards section of newLearnAlberta.ca can assist teachers with organizing learning outcomes and planning for their students.

Please choose the session time you will attend during the registration process:

9:00-11:30am

OR 12:30-3:00pm

Please bring along a fully charged device. You will also require a new.learnalberta login pre-approved by your administrator.

Presenters

Bill Sheets

Bill has been an educator and administrator in schools in Northern Alberta for 24 years. He has taught at every level from grades 1 to 12, and has 20 plus years experience in a variety of schools in Peace River School Division. He is currently the Curriculum Facilitator for NRLC.

Registration Notes
