Learning Opportunity

Historically, The Mamawhitowin Conference features two days of keynotes and breakout sessions to engage and empower all educators who come together. This year we will 'Come Together' for a combination of Indigenous Learning Series and work toward the success of all students meeting the new Alberta TQS standards. This year's theme is "**Live the Learning**"

Series 2 - "Infusing Traditional Land Based Learning into Curriculum: Mamawhitowin:

Jason will showcase the development of land-based learning camps within the KeeTasKeeNow Tribal Council Education Authority (KTCEA) service area. KTCEA has 7 years of experience in developing and implementing land based learning camps for all grade levels while infusing/integrating curriculum outcomes. KTCEA will allow participants to get a clear picture of the program development and evolution in the hopes of sharing best practices and any difficulties that may lie ahead for those wanting to develop a land based learning program that focuses on traditional skills while weaving curriculum into teaching on the land.
