Join Lyn Stone for 4, 90 minute sessions on [Spelling for Life](#). Participants will be granted access to a resources hub for required pre-reading and viewing in preparation for the live sessions.

Session 1- Tools for spelling

Participants will learn about teaching the origins of exceptions, affixes, word families and homophones. These tools can then be called on at any time as they go through the lessons in the later parts of the course.

Session 2 - The single letters

Having grappled with some spelling tools and basics, it's time to look at the building blocks of written language: vowels and consonants. There are rules surrounding both and we will discover how to teach those rules systematically and explicitly.

Session 3 - Letter combinations

Participants will be examining the roles of Final Silent E, the letter Y and its uses, and will also be taking the single vowels and combining them with other letters to reveal deeper spelling rule structures.

Session 4 - Syllables, doubling and morphemes

This section gives techniques for teaching the spelling of polysyllabic words, how to apply doubling and affixing rules, and ends with a highly engaging, extremely useful tool to derive a large number of suffixes and stable endings.

Presenters

Lyn Stone

Lyn's job is to use research, evidence and linguistics to produce programs, methods and texts for students, teachers and educators worldwide.

Lyn gained her linguistics degree at University College London and worked in a variety of speech and language settings in Australia since graduating in 1994.

She is also trained in Makaton, Auslan, Read Write Inc., Little Learners Love Literacy, Explicit Direct Instruction and Spalding.

Lyn has been in private practice since 1998 and has continued to train and mentor teachers whilst developing her linguistics-led learning programs.

Lyn is an experienced [public speaker](#) with many [radio](#) and [print media](#) appearances.

- Her first book, [Spelling for Life – Uncovering the Simplicity and Science of Spelling](#) was released by Routledge Education in 2013.
- Her second book, [Language for Life – Where Linguistics Meets Teaching](#) was released in 2015.

Her third book, [*Reading for Life: High quality literacy instruction for all*](#), was released in December 2018.

Registration Notes

Registration includes a reusable book of resources for direct classroom application and a downloadable manual.
