### Program

Join Charlene Noskey for another series of lessons to learn some basic Cree Language essentials to allow you to engage with students in Cree in the school setting. This is a continuation series that will review the basic greetings, introductions, conversation starters and everyday words to converse with students and colleagues at your school and then continue on words and topics chosen by you, the participants. Participants will have the opportunity to suggest topics and words they would like to learn and lessons will be built to suit the needs of the group. Each lesson includes a take home task or activity to practice your learning in between each session
